## **Marina Mandraki:**

It's a public marina at the older harbor of Rhodes. It's in the center of the new town and very close to the old town of Rhodes. The facilities are water and electricity. Local supermarkets and shopping centers are very near too. Mandraki Harbor still remains very active, with lots of sailboats, private yachts and small cruise boats and it's really crowded in summer.

An extended fiber optic network provides each berth with TV, telephone, internet and remote control monitoring of electrical and water consumption.
